General Guidelines & Information

- All Scoil Éigse activities, Club Éigse, Tutors Concert and Recitals are included in the student registration fee. Student wristbands must be shown at the door for admission. Parents accompanying students with wristbands are welcome, free of charge.
- Students are placed in initial classes to facilitate the grading process. Following assessment by a tutor, pupils are placed in appropriate classes. Tutors take into consideration the aural transmission skills of the students, their age, familiarity with core repertoire and listening skills etc., in addition to their technical skill. Students who wish to change from one class to another must firstly consult with their own tutor who will advise accordingly. Venue managers and senior instrument tutors are to be informed.
- Queries in relation to Scoil Éigse tuition and related educational activities should be directed to the tutor and the Scoil Éigse Management team who will deal with each query on its individual merits.

- Students may be encouraged to use recording devices for the purposes of recording tunes/songs as directed by the tutor. Such recordings are for the pupils' own personal use unless otherwise approved by the tutor. Mobile phones and other recording devices are not to be used in class except on the clear instruction of the tutor.
- Please note students are responsible for their own instruments at all times and students are requested to have owner details displayed in their instrument case.
- Any access requirements or medical issues will be considered in the appropriate manner, based on notification (see medical disclaimer). Parents undertake to notify our administration team if their contact details change.
- Attendance records are taken during class times only, this does not include recitals, lunch times, morning break or Club Éigse.
- Students are required to wear the Scoil Éigse wristband at all activities.
- Scoil Éigse is not responsible for pupils who leave the tuition premises during class and morning break times.
